4th World Plastic Surgery Congress
Monaco
OFFICIAL PROGRAM
Dear colleagues, dear participants,

As founders and organizers of the World Plastic Congress of Plastic Surgery in the Principality of Monaco, we have the honour to invite you to the 4th World Congress of Plastic surgery in Monaco, on November 24th, 25th and 26th 2016. Under the honoured Presidency of Farid Hakme MD (Brazil) and in the presence of national and international representatives of the medical profession.

Our ambition is to gather the main actors of the plastic surgery world (doctors, surgeons, scientists, the main research, laboratories, the medical community) to facilitate the exchange of information and the confrontation of the most advanced and promising techniques for the future.

This 4th Congress will propose thought-leading conferences, round tables led by international medical experts.

We shall pursue our objective: to develop in synergy and in a forward-looking manner all the technological breakthroughs regarding plastic surgery.

Brazil will invite the best plastic surgeons to Monaco, and will bestow the prize of “Golden Bistoury” to reward the best work in this domain.

We look forward to your presence with us in Monaco.

Yours sincerely,
The Organizers

Dr. Valter Dos Santos - Brazil 
Organizer 

Elise Michel - France 
Organizer
Dear Valter, dear colleagues, dear friends,

It is a great honour for me to preside over your 4th World Plastic Surgery Congress that you have organized, in this beautiful Principality. In the past, I was actively attending your previous conventions in Monaco, of which I’ve kept a marvellous and lasting memory. Their results were crowned with success, particularly regarding the spread and development of aesthetic-plastic and re-constructive surgery.

As your Congress President, I’m pleased that this 4th Congress once again is taking place in Monaco through the kindness of his Serene Highness Prince Albert II who encourages us to promote plastic surgery throughout the world from his admirable Principality.

This Congress is serving the longstanding international relations between Brazil and Monaco.

As you know, while my career, which primarily is oriented towards a humanistic application of medicine means so much to me, it is dedicated to mankind. My research has been specifically motivated by this useful and educational approach.

Our commitment to research and development as responsible practitioners can only improve the total care of our patients and result in a total respect for mankind.

Therefore, I would like to support this new initiative of the 4th Congress and especially involve myself in our work, knowing how much it will benefit our world society in the third millennium.

Farid Hakme, MD
Dear Participants, Dear Friends,

It is both a great pleasure and honour for me, as Ambassador of Brazil to the Principality of Monaco, to demonstrate my country’s support for the 4th World Plastic Surgery Congress. The fact that it is being hosted in Monaco, for which I thank His Serene Highness Prince Albert II, will undoubtedly contribute to the success of this event.

The presidency of this Congress, entrusted to Brazilian Doctor and Professor Farid Hakme, pupil of the late Ivo Pitanguy, a remarkable physician, and the attendance of many specialists in their respective fields hailing from my country, confirm Brazil’s excellence in this important and specific area that is plastic surgery.

The aim of plastic surgery in its main fields — aesthetic as well as reconstructive surgery — is, above all, to improve people’s well-being and quality of life. The government of Brazil could only endorse the merit of such an initiative.

I am convinced that this year’s Congress will be a unique event as a result of the excellent relations between Brazil and Monaco, and of the quality of its participants, speakers and organizers.

I wish you all a productive work session, and may the 4th World Plastic Surgery Congress be a resounding success.

Perfume workshop
25th and 26th November 2016

Timing: 9:00 am - 12:30 pm (half day)
Price per person based on minimum 8 participants: 132 € incl. VAT including transfer by minivan to Eze with guide, entrance in the Fragonard factory, guided tour and perfume creation.

An unforgettable learning experience in the world of perfume-making awaits you at the Fragonard perfume factories. You can discover how a perfumer or « nose » masters the art of fragrance creation while learning about the history of the perfume industry. You’ll see which raw materials are used and how they are extracted. By the end of the program, you will be able to compose your own eau de toilette inspired by Roses or the year's flower, or even a classic eau de cologne (100ml). A fascinating learning experience in the world of perfume.

This workshop is given by a professional staff of Fragonard. Each group is welcomed with a guided tour of the factory led by guides fluent in major foreign languages.

We reserve the right to cancel the tour if not enough participants.

San Remo in Italy and the market
26th November 2016

Timing: 9:00 am - 12:30 pm (half day)
Price per person based on minimum 8 participants: 110 € incl. VAT including transfer by minivan to San Remo with guide.

You will have a unique chance to visit San Remo, the capital of the Italian Riviera. Your minivan will set you down right in the center of the action - action in the form of the hustle & bustle of a huge open air market, where you can bargain for such excellent buys as leather bags, belts and gloves, scarves, table clothes, sweaters, sportswear and much more. The main shopping street of San Remo offers a multitude of very exclusive boutiques offering the fashionable goods that Italy is famous for. After ample free time to fulfill your shopping wishes, drive back to Monaco.

We reserve the right to cancel the tour if not enough participants.

Enjoy the Côte d’Azur as today it is up to you to decide where you want to go. The car and the driver/guide are at your disposal to go to the place of your choice which can be a half day or a full day tour: Monaco, Nice, Villefranche, Menton the famous Côte d’Azur is particularly prestigious. All along the coast you will be charmed by the little fishing ports so important to the local culture and industry. Shop till you drop in Nice, Cagnes sur Mer or in Cannes and discover local crafts, typical regional products such as olive oil, herbs, natural cosmetics and interesting venues. The climate and the vivid colors of the Mediterranean attracted many famous artists during the 19th and the 20th centuries. There are many famous museums you can visit such as the Picasso Museum, Chagall, Matisse, Renoir etc... A memorably day full of great impressions of the Côte d’Azur and the local way of life!

Monaco highlights
25th and 26th November 2016
Timing: 9:00 am - 12:30 pm (half day)
Price per person for the tour 80 € incl VAT and guide/driver in a minivan.

Discover the beauty, elegance and glamour of the Principality of Monaco during this delightful orientation tour. The Principality of Monaco is the second-smallest country in the world after Vatican City (Half the size of Central Park!). It is comprised of the Monaco quarter, the old section, also called the “Rock” and the Monte Carlo quarter, the newer part of the Principality, and the site of luxury 4-star hotels, casinos and world-class shopping.

Depart by minivan to the “Place du Casino” you discover one of the most the glamorous Palaces: The Hotel de Paris, also the Café de Paris, and the Grand Casino, designed by Charles Garnier, the French architect who built the famed opera house in Paris.

Continue by coach to the Rock of Monaco. A walking guided tour will lead you through the narrow streets of the old town, passing in front of a significant building shelter of the famous Oceanographic museum. You will have a chance to visit the Cathedral of the Immaculate Conception where the Princes and Princesses of Monaco are buried (including Princess Grace), and discover the Palace square dominated by Prince Rainier’s residence.

Free time will be given for shopping and you can watch the changing of the guards, which takes place at 11:55 am sharp everyday, before returning to your hotel.

We reserve the right to cancel the tour if not enough participants.
